RE: Tarrant County Auditor's June 2024 Financial Reports

The information presented in the attached unaudited Monthly Financial Reports were prepared in accordance with Chapter 114 of the Texas Local Government Code of Tarrant County, Texas as of and for the nine months ended June 30, 2024.

As of June 30, 2024, the County's general fund assets exceeded liabilities and deferred inflows of resources by \$301,146,434.74 (fund balance). This is an increase of \$99,969,343.20 for the nine months then ended.

Year-to-date, actual general fund revenues represent 97.84% of the FY24 budget compared to over 100.00% during the same period last year. Additionally, actual general fund expenditures represent 63.42% of the FY24 budget compared to 63.50% spent during the same timeframe in the prior year.

Overall, these figures demonstrate a healthy financial position for the County and reflect adherence to budgetary constraints.

Sincerely,

Kimberly M. Buchanan, CPA

**NOTES TO COMBINED FINANCIAL STATEMENTS**  
**FOR THE NINE (9) MONTHS ENDED 6/30/2024**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Reporting Entity

The accompanying financial statements reflect the funds and accounts of the financial reporting entity Tarrant County, Texas (the "County"), as of June 2024 and for the nine months then ended. Other components of the County not included in the accompanying financial statements include, Tarrant County Hospital District, Tarrant County Mental Health and Behavioral Health Services, Tarrant County Industrial Development Corporation, Tarrant County Health Facilities Development Corporation, Tarrant County Cultural Education Facilities Finance Corporation, and Tarrant County Housing Financing Corporation. These components are technically a part of the "reporting entity" because of the budgetary oversight responsibility by the Commissioners' Court of Tarrant County. These components however are unrelated to the financial condition and results of operations of the County and have been excluded from the accompanying financial statements. Separate financial statements of these entities are available upon request.

Revenue Recognition

Revenue is generally recognized on the modified accrual basis. Under this method of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available. The primary revenue sources susceptible to accrual are property taxes, fines and fees due to fee offices which are recognized as unavailable revenue until cash is received. Other sources are generally not measurable until received in cash.

Expenditure Recognition

Expenditures are recorded when incurred. Expenditures for principal and interest on long-term debt are recorded when due. The accrual basis of accounting is utilized in the proprietary funds. Encumbrances are not included as expenditures.

Budget Basis Reporting

The budget is prepared utilizing a modified cash basis of accounting, with adjustments for encumbrances, as allowed by state statutes. Budget basis information is presented in the accompanying "Budgetary Information" section at a summary level. Budget information at the legal level of control is available upon request.

Investment Income Allocation

To maximize investment earnings on "idle" cash and cash equivalents, a "pooled cash" concept is utilized. Under this concept nearly all deposits are maintained in the same bank account and are invested on a daily basis. Generally, interest earnings are allocated to each fund based on the funds relative percentage of the total pool.

Pension Liability

The net pension liability was actuarially valued as of December 31, 2022. The net pension liability recorded in the Resource Connection is \$613,038. The amount for the governmental funds is \$275,530,379 which is reported in the annual comprehensive financial report.

OPEB Liability

The total OPEB liability was actuarially measured as of September 30, 2022. The total OPEB liability recorded in the Resource Connection is \$624,075. The amount for the governmental funds is \$189,333,812, which is reported in the annual comprehensive financial report.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

Compensated Absences

Accumulated unpaid vacation leave and vested sick pay have been recorded in the Enterprise Fund for the Resource Connection. An additional amount has been accrued for salary related payments associated with the payment of compensated absences. The amount of compensated absences for the remaining governmental funds is \$50,828,525, which is reported in the annual comprehensive financial report.

Deferred Outflows/Inflows of Resources

Deferred outflows of resources apply to future periods and so will not be recognized as an expense/ expenditure until then. Deferred inflows of resources apply to future periods and will be recognized as a revenue at that time.

Incurred but Not Reported

Included in the "Other Liabilities" of the Internal Service fund's Employee Benefits is \$4,500,000 of incurred but not reported medical and drug claims.

Leases

The County, as a lessee, recognizes a lease liability and an intangible right to use lease asset as well as capital outlay and other financing source. The County, as lessor, recognizes a lease receivable and a deferred inflow of resources.

Subscription Based Information Technology Arrangements

The County recognizes a subscription liability and an intangible right to use subscription asset as well as capital outlay and other financing source.

II. BASIS OF PRESENTATION:

The accounts of the County are organized and operated on the basis of funds, each of which is considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

Funds are classified into three categories: Governmental, Proprietary and Fiduciary. Each category is divided into separate fund types. The following fund types are used by the County.

Governmental Funds: Used to account for all or most of a government's general activity.

General Fund – used to account for the general operations of the County.

Road and Bridge Fund – used to account for the collection and expenditure of those monies designated to be spent for acquisition, construction and maintenance of county roads and bridges.

Debt Service Fund – used to account for accumulation of resources and for the payment of general long-term debt principal, interest, and related costs.

Capital Projects Funds – used to account for financial resources to be used for the acquisition and/or construction of facilities, equipment, software and infrastructure.

**TARRANT COUNTY, TEXAS**  
**NOTES TO COMBINED FINANCIAL STATEMENTS**  
**FOR THE NINE (9) MONTHS ENDED 6/30/2024**

II. BASIS OF PRESENTATION (CONT'D):

Grant Funds – used to account for the activities conducted under the many grant agreements between the County and various state and federal organizations.

Other Governmental Funds – used to account for specific revenue sources which are legally restricted to expenditures for specified purposes.

Proprietary Funds: Used to account for operations that are financed in a manner similar to those in the private sector, where the determination of net income is appropriate for sound financial administration.

Enterprise Fund – used to account for operations that are financed and operated in a manner similar to private enterprise where the County's intent is to provide goods or services to the public on a continuing basis financed primarily through user charges. The County operates two enterprise funds, the Resource Connection and Oil and Gas Royalty.

Internal Service Funds – used to account for the various self-insurance activities for the County.

Fiduciary Funds: These funds account for assets held by the County in a fiduciary capacity and therefore cannot be used to support the County's own programs.

State Comptroller Funds – used to account for monies received on behalf of, and subsequently remitted to the State Comptroller.

Other Custodial Funds – used to account for assets held in a fiduciary capacity for others and includes property taxes collected and remitted for other entities, statutory fees collected on behalf of other governments, funds held in the registry of the court, collateral for securing bail bonds, monies on account for inmate commissary purchases, and funds seized by law enforcement agencies.

Community Supervision and Corrections – used to account for the State agency funds in the County depository and restitution collected as a condition of probation payable to injured parties.

III. NEGATIVE CASH BALANCES:

The following funds have negative cash balances at the balance sheet date. This occurs when expenditures exceed revenue collection. The General Fund has advanced money to these Funds thereby, allowing for continued operation of the related programs. These advances by the General Fund have been reflected in the accompanying combined balance sheet as Due from other funds. The advances also represent a loss of investment earnings to the General Fund and are not a reimbursable item by the grantor under reimbursing grant agreements.

Most negative cash balances arise in the County's reimbursing grant programs. These programs require the payment of expenditures prior to the reimbursement by the grantor. These cash deficits have existed for years and do not create any major concerns. However, this information is helpful to the reader of the financial statements to provide a fuller understanding of the details of County operations.
