Therefore, please be advised that your company's declaration that certain information submitted in response to a Proposal is "confidential" will not be treated as such if Tarrant County receives a request for a copy of the Proposal. Tarrant County will, of course, make every effort to inform your company of such a request and to provide you with an opportunity to object to the release of any proprietary information per the procedure outlined in Texas Government Code Section 552.305. Notice to your company under Section 552.305 may be sent via either certified mail or e-mail using the contact information provided by you on the signature form. RESPONSE, REMEDIATION SERVICES, AND WASTE DISPOSAL**

Additionally, to the extent your proposal is incorporated into the contract, the proposal will become an official record available for public inspection.

Proposals shall be opened to avoid disclosure of contents to competing Respondents and kept secret during the process of negotiation. All Proposals that have been submitted shall be open for public inspection after the contract is awarded, except for trade secrets and confidential information contained in the proposals and identified as such.

All proposals shall specify terms and conditions of payment, which will be considered as part of, but not control, the award of the proposal. Tarrant County review, inspection, and processing procedures ordinarily require thirty (30) days after receipt of invoice, materials, or service. Proposals which call for payment before thirty (30) days from receipt of invoice, or cash discounts given on such payment, will be considered only if, in the opinion of the Tarrant County Purchasing Agent, the review, inspection, and processing procedures can be completed as specified.

**Invoices** shall be sent directly to the Tarrant County Auditor's Office, Attention: Accounts Payable, 100 East Weatherford, Room 506, Fort Worth, Texas 76196, or email to [SAP-invoices@tarrantcounty.com](mailto:SAP-invoices@tarrantcounty.com). In accordance with the Prompt Payment Act, it is the intention of Tarrant County to make payment on completed orders within thirty (30) days after receipt of invoice or items; whichever is later, unless unusual circumstances arise. **Invoices must be fully documented as to labor, materials, and equipment provided and must reference the Tarrant County Purchase Order Number in order to be processed. No payments shall be made on invoices not listing a Purchase Order Number.**

**Continuing non-performance** of the Vendor in terms of specifications shall be a basis for the termination of the contract by Tarrant County. Tarrant County shall not pay for work, equipment, or supplies which are unsatisfactory. The Vendor will be given a reasonable opportunity before termination to correct deficiencies. This, however, shall in no way be construed as negating the basis for termination for nonperformance.

The **contract may be terminated** by either party upon written thirty (30) day notice prior to cancellation.

Proposals will be considered non-responsive if they show any omissions, alteration of form, additions or conditions not called for, or inconsistency of any kind. However, Tarrant County reserves the right to waive any inconsistencies and to make an award in the best interest of Tarrant County.

Proposals may be deemed non-responsive, among other reasons, for any of the following specific reasons:

1. Proposals containing any inconsistencies.
2. Unbalanced value of any items.

Respondents may be disqualified and their proposals not considered, among other reasons, for any of the following specific reasons:

1. Reason for believing collusion exists among the Respondents.
2. Reasonable grounds for believing that any Respondent is interested in more than one proposal for the work contemplated.

7. Respondents shall not owe delinquent property tax in Tarrant County.
8. Respondent's past performance record with Tarrant County.
9. Limited competition.

Due care and diligence have been used in the preparation of this information, and it is believed to be substantially correct. However, the responsibility for determining the full extent of the exposure and the verification of all information presented herein shall rest solely with the Respondent. Tarrant County and its representatives will not be responsible for any errors or omissions in these specifications, nor for the failure on the part of the Respondent to determine the full extent of the exposures.

The successful Vendor may not assign their rights and duties under an award without the written consent of the Tarrant County Purchasing Agent. Such consent shall not relieve the assignor of liability in the event of default by the assignee.

Audit Clause: The Vendor must agree that Tarrant County will, until the expiration of twelve (12) months after final payment under this agreement, have access to and the right to examine at reasonable times any directly pertinent books, documents, papers and records (hard copy, as well as computer generated data) of the Vendor involving those transactions related to this solicitation. The vendor must agree that Tarrant County will have access during normal working hours to all necessary facilities, staff and workspace in order to conduct audits. Tarrant County will provide the Vendor with reasonable advance notice of intended audits. The Vendor must provide records within ten (10) business days or a mutually agreed upon timeline.

**SPECIAL TERMS AND CONDITIONS OF THE CONTRACT**

1. **CONTRACT TERMS:** Vendor(s) will be awarded a twelve (12) month contract, effective from January 1, 2021 or notice to proceed as determined by Tarrant County Purchasing through December 31, 2021. At Tarrant County’s option and approval by the Vendor, the contract may be renewed for two (2) additional twelve (12) month periods, as further explained in Renewal Options. **Prices must remain firm for the entire contract.**
  
2. **RENEWAL OPTION:** Tarrant County reserves the right to exercise an option to renew the contract of the Respondent for two (2) additional twelve (12) month periods, provided such option is stipulated in the Special Conditions and agreed upon by both parties. If Tarrant County exercises the right in writing, the Vendor must update and submit any documents required during the initial solicitation by no later than thirty (30) calendar days prior to the commencement of the option period. These required documents must be in force for the full period of the option. If the updated documents are not submitted by the Vendor in complete form within the time specified, Tarrant County may rescind its option and seek a new solicitation.
  
3. **SECONDARY/ALTERNATE AWARD:** Secondary or Alternate Vendors serve in a backup capacity only. In the event the Primary is unable to honor the terms and conditions of the contract, the Secondary Vendor(s) may be called. If the Secondary Vendor is unable to honor the terms and conditions of the contract the Alternate Vendor(s) may be called. The Primary Vendor is the first contact. Use of the Secondary or Alternate Vendor(s) must be approved, in writing, by the Tarrant County Purchasing Agent or his designee in compliance with Texas Local Government Code 262.027(g).
  - A. In the event the Secondary or Alternate Vendors are called upon, they will offer the materials and services at their awarded price(s), or better. Any attempt to increase their awarded price(s) may cause the removal of the Vendor from the contract. Calling upon the Secondary or Alternate Vendors does not necessarily affect the status of any awarded Vendor, including the Primary Vendor.
  - B. If a Secondary or Alternate Vendor represents themselves as the Primary Vendor without written authorization from the Tarrant County Purchasing Agent, or his designee, the Secondary or Alternate Vendor may be removed from the contract.
  - C. Would you, as the Vendor, be willing to accept a Secondary or Alternate Award based on the above?

\_\_\_\_\_Yes    \_\_\_\_\_No

4. **COOPERATIVE PURCHASING:** Tarrant County has the lead role in developing and encouraging Cooperative Purchasing efforts among governmental entities that participate in its Cooperative Purchasing Program. Cooperative Purchasing can be a great benefit to Tarrant County vendors by providing an avenue to offer materials and services to participating entities. A current list of participating entities is included in this solicitation and an up-to-date list can be found on the Tarrant County website.

A. Should other Governmental Entities decide to participate in this contract, would you, as the Vendor, agree that all terms, conditions, specifications, and pricing would apply? **A “NO” answer could result in complete rejection of the bid.**

\_\_\_\_\_Yes    \_\_\_\_\_No

- 1) If you, the Bidder, checked Yes, the following will apply:
  - a) Governmental Entities utilizing Intergovernmental Contracts with Tarrant County will be eligible, but not obligated, to purchase materials and services under the contract(s) awarded because of the solicitation.   - b) Delivery to governmental entities located within Tarrant County will be at no charge or as otherwise provided for in the Award Document. Delivery charges, if any, for governmental entities located outside Tarrant County shall be negotiated between the Vendor and each governmental entity.
  - c) Tarrant County utilizes County Purchase Orders as its primary means of encumbering funds and pays for goods and services utilizing Vendor invoices. In the event Governmental Entities utilizing InterGovernmental Contracts use other payment methods, including but not limited to, purchasing cards, debit cards, check requests or other methods which cause the Vendor to incur service, processing, or other fees, these fees are the responsibility of that Governmental Entity, unless otherwise negotiated with the Vendor.
  - d) Vendor(s) awarded contract(s) resulting from bid will be responsible for providing to Tarrant County, at no additional charge, a complete list of all governmental entities currently utilizing the contract and their annual expenditures. # TARRANT COUNTY

## HISTORICALLY UNDERUTILIZED BUSINESSES (HUB) POLICY

### I. POLICY STATEMENT

The Tarrant County Commissioners Court, being the policy development and budgetary control unit of county government, will strive to ensure that all businesses, regardless of size, economic, social or ethnic status have an equal opportunity to participate in the County's procurement processes. The County is committed to promote full and equal business opportunity for all businesses to supply the goods and services needed to support the mission and operations of county government, and seeks to encourage the use of certified historically underutilized businesses (HUBs) through the use of race, ethnic and gender neutral means. It is the policy of Tarrant County to involve certified HUBs to the greatest extent feasible in the County's procurement of goods, equipment, services and construction projects while maintaining competition and quality of work standards. The County affirms the good faith efforts of firms who recognize and practice similar business standards.

### II. DEFINITIONS

Historically underutilized businesses (HUBs), also known as a disadvantaged business enterprise (DBE), are generally business enterprises at least 51% of which is owned and the management and daily business operations are controlled by one or more persons who is/are socially and economically disadvantaged because of his or her identification as a member of certain groups, including women, Black Americans, Mexican Americans and other Americans of Hispanic origin, Asian Americans and American Indians.

Certified HUBs includes business enterprises that meet the definition of a HUB and who meet the certification requirements of certification agencies recognized by Tarrant County.

Businesses include firms, corporations, sole proprietorships, vendors, suppliers, contractors, subcontractors, professionals and other similar references when referring to a business that provides goods and/or services regardless of the commodity category.

Statutory bid limit refers to the Texas Local Government Code provision that requires competitive bidding for many items valued at greater than \$50,000.

### III. POLICY GUIDELINES

- A. Tarrant County, its contractors, their subcontractors and suppliers, as well as all vendors of goods, equipment and services, shall not discriminate on the basis of race, color, creed, gender, age, religion, national origin, citizenship, mental or physical disability, veteran's status or political affiliation in the award and/or performance of contracts. All entities doing business or anticipating doing business with the County shall support, encourage and implement affirmative steps toward a common goal of establishing equal opportunity for all citizens and businesses of the county.
- B. Tarrant County will use and recognize the State of Texas certification process in conjunction with the implementation of this policy. The County does recognize other agencies' certifications. Tarrant County reserves the right to review the certification status of any vendor applying to do business with the County. This review will be accomplished to determine the validity and authenticity of the vendor's certification as a HUB.
- C. The Commissioners Court may establish HUB target goals. Through a systematic approach of soliciting quotes, bids and proposals from certified HUBs and in compliance with applicable state and federal law this policy will strive to meet those goals.
  1. Target goals should consider:
    - the availability of HUB firms within the specific category of goods or services to be procured; and
    - the diversity of the county's population.
  2. The goals should be reviewed and amended periodically.
  3. The program may apply to all County procurements including construction and professional services.
  4. Particular attention will be given to HUB participation on purchases in excess of the statutory bid limit.
  5. The Commissioners Court herein establishes a 20% good faith target goal for Tarrant County.

- D. Tarrant County will actively seek and encourage HUBs to participate in all facets of the procurement process by:
1. Continuing to increase and monitor a database of certified HUB vendors, professionals and contractors. The database will be expanded to include products, areas of expertise and capabilities of each HUB firm.
  2. Continuing to seek new communication links with HUB vendors, professionals and contractors to involve them in the procurement process.
  3. Continuing to advertise bids on the County's website and in newspapers including newspapers that target socially and economically disadvantaged communities.
  4. Continuing to provide bid notifications to minority Chambers of Commerce.
- E. As prescribed by law, the purchase of one or more items costing in excess of the statutory bid limit must comply with the competitive bid process. Where possible, those bids will be structured to include and encourage the participation of HUB firms in the procurement process by:
1. Division of proposed requisitions into reasonable lots in keeping with industry standards and competitive bid requirements.
  2. Where feasible, assessment of bond and insurance requirements and the designing of such requirements to reasonably permit more than one business to perform the work.
  3. Specification of reasonable, realistic delivery schedules consistent with the County's actual requirements.
  4. Specifications, terms and conditions reflecting the County's actual requirements are clearly stated, and do not impose unreasonable or unnecessary contract requirements.
- F. A HUB Policy statement shall be included in all specifications. The County will consider the bidder's responsiveness to the HUB Policy in the evaluation of bids and proposals. Failure to demonstrate a good faith effort to comply with the County's HUB policy may result in a bid or proposal being considered non-responsive to specifications.
- G. The Tarrant County Purchasing Department will actively seek the participation of HUB firms in the quotation process for purchases under the statutory bid limit. HUB firms will be identified on the computerized database and linked to the commodities they represent. Buyers will be encouraged to use available internal and external databases of certified HUB firms.

- H. Nothing in this policy shall be construed to require the County to award a contract other than to the lowest responsive bidder meeting specifications as required by law. This policy is narrowly tailored in accordance with applicable law.

#### **IV. ADMINISTRATIVE GUIDELINES**

- A. The Tarrant County Purchasing Department shall serve as the County's HUB Office with responsibility for the implementation, monitoring and general operations of the HUB policy. The Purchasing Agent shall serve as the County HUB Officer.
  - 1. The HUB Officer will establish procedures to implement this policy across the full spectrum of the procurement process. The County HUB Office will periodically review with department head and elected officials regarding procurement opportunities.
  - 2. Managing the policy and training buyers and other County personnel in order to meet County goals will be the responsibility of the HUB Office.
  - 3. The HUB Office will cooperate with other local government entities to increase HUB participation throughout the county and region. The HUB Office is encouraged to participate in educational and other outreach programs to assist HUB firms.
  - 4. The HUB Officer will receive and review complaints and recommendations regarding the implementation of the HUB Policy and the good faith efforts of bidders. Further, the HUB Office will audit for compliance to the HUB Policy on eligible projects after award, during the performance of the contract and after completion, while also making any recommendations to Commissioners Court regarding any irregularities or misrepresentation of facts as they relate to compliance with the policy. The HUB Office will review documentation submitted by HUB firms in compliance with this policy.
  - 5. An annual report along with recommendations shall be provided to the Commissioners Court and Purchasing Board. The annual report will provide statistical data and efforts reflected in the number of purchase orders, value of goods and services purchased, percentages to HUB firms, and outreach and marketing efforts. Other statistics may be required or requested by the Commissioners Court or Purchasing Board.
